

## LSV450S3

# Powered by Volvo

50HZ

Water-cooled

Three Phase

Diesel

| Model                      |        | LSV450S3 |
|----------------------------|--------|----------|
| Standby Power              | kVA    | 450      |
|                            | kw     | 360      |
| Prime Power                | kVA    | 410      |
|                            | kw     | 328      |
| Frequency                  | Hz     | 50       |
| Voltage                    | V      | 230/400  |
| Rated speed                | rpm    | 1500     |
| Fuel Consumption 100% Load | g/kw.h | 195      |
| Fuel Consumption 75% Load  | g/kw.h | 198      |
| Fuel Consumption 50% Load  | g/kw.h | 199      |

LEES Volvo series gensets are with the power range of 165-770kVA.

Volvo diesel engine is small in size, light in weight, strong in anti-sudden load capacity, low in noise, reliable in economy and enjoys a good reputation all over the world.

- Durability & Low noise---Designed for easy, fast and economical installation. Field tested to ensure highest standard of durability and long life. Well-balanced to produce smooth and vibration-free operation with low noise level.
- Low exhaust emission---The state of the art, high-tech injection and highly efficient charge air system with low internal losses contributes to excellent combusion and low fuel consumption.
- Easy service & Maintenance---Easily accessible service and maintenance points contribute to the ease of service of the engine.

### **VOLVO** engine → Model: TAD1344GE

| Total oil capacity              | 36L  |  |  |
| Oil Consumption                 | 0.04L/h                                    |  |  |
| Engine Oil Tank Capacity        | 30L  |  |  |
| Oil Pressure at Rated RPM       | 370-520kPa                                 |  |  |
| Total coolant capacity          | 44L  |  |  |
| Thermostat                      | 82-92℃                                     |  |  |
| Max. water temperature          | 107℃                                       |  |  |

### STAMFORD Alternator → Model: S4L1D-F41

# STAMFORD

#### Main features:

- 12 wire reconnectable stator/terminal arrangement
- Easy access for installation and maintenance
- 2/3 pitch winding as standard, to avoid excessive neutral currents
- Class H insulation with severe environmental protection as standard
- Built to conform with all leading industrial and marine standards
- 460 AVR as standard with 1.5% regulation and 2 phase sensing
- IP23 as standard

| STAMFORD Alternator: S4L1D-F41     |                                     |  |  |
|------------------------------------|-------------------------------------|--|--|
| Number of phase                    | 3                                   |  |  |
| Connecting type                    | 3 Phase 4 Wire, "Y" type connecting |  |  |

### Deepsea control module Model: 7320

The DSE7320 is an Auto Mains (Utility) Failure Control Module suitable for a wide variety of diesel or gas genset applications.

Monitoring an extensive number of engine parameters, the modules will display warnings, shutdown and engine status information on the back-lit LCD screen, illuminated LEDs, remote PC and via SMS test alerts (with external modem).

The DSE7320 will also monitor the mains (utility) supply. The modules include USB, RS232 and RS485 ports as well as dedicated DSENet terminals for system expansion.

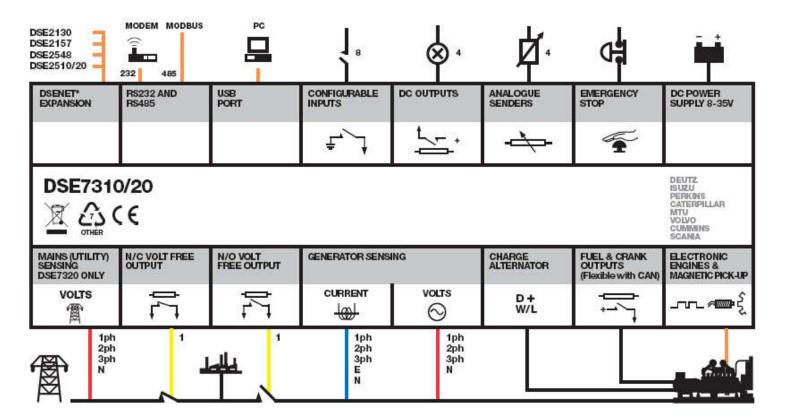

### **Key Features:**

- 4-line back-lit LCD text display
- Five key menu navigation
- Front panel editing with PIN protection
- LED and LCD alarm indication
- Customisable status screens
- Power save mode
- Support for up to three remote display units
- 9 configurable inputs
- 8 configurable outputs
- Flexible sender inputs
- Configurable timers and alarms
- 3 configurable maintenance alarms
- Multiple date and time scheduler
- Configurable event log (250)
- Control logic facilities
- Easy access diagnostic page
- CAN and Magnetic Pick-up / Alt. Sensing
- Fuel usage monitor and low fuel alarms
- Charger alternator failure alarm
- Manual speed control
- Manual fuel pump control

- Engine exerciser
- "Protectons disabled" feature
- kW overload protection
- Power monitoring
- Load switching (load shedding and dummy load outputs)
- Automatic load transfer
- Unbalanced load protection
- Independent Earth Fault trip
- USB connectivity
- Backed up real time clock
- Fully configurable via DSE Confugurable Suite PC sofeware
- Configurable display languages
- Remote SCADA monitioring via DSE Configuration Suite PC sofeware
- User selectable RS232 and RS485 communications
- SMS Messaging (addtiional external modem required)
- Additional display screens to help with modem diagnostics
- DSENet expansion compatible
- Integral PLC editor

### Deepsea control module Model: 7320

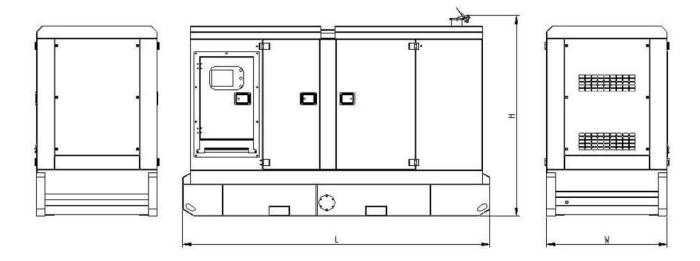

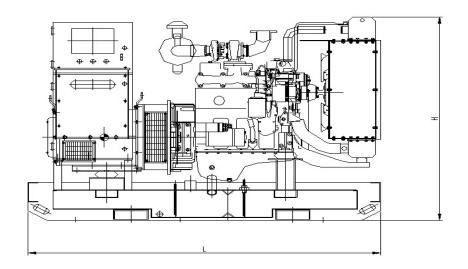

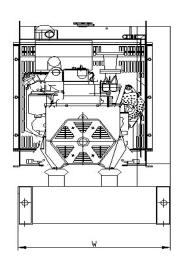

### **Overview dimension**

| LSV450S3 (Silent type) |                |               |               |                   |  |
|------------------------|----------------|---------------|---------------|-------------------|--|
| Configuration          | L= Length (mm) | W= Width (mm) | H= Higth (mm) | Gross Weight (kg) |  |
| Enclosed set           | 4260           | 1450          | 2100          | 4050              |  |

| LSV450E3 (Open type) |                |               |               |                   |  |
|----------------------|----------------|---------------|---------------|-------------------|--|
| Configuration        | L= Length (mm) | W= Width (mm) | H= Higth (mm) | Gross Weight (kg) |  |
| Open set             | 3400           | 1270          | 1974          | 3000              |  |

### **Generating Sets Standard and Optional Features**

#### Engine:

- 4-stroke, water-cooled diesel engine
- Standard air filter
- Standard fuel filter
- Standard oil filter
- Oil temperature sensor
- Low coolant level sensor
- 24V electrical system
- Radiator with blowing fan
- Industrial silence
- Fuel water separator (optional)
- Water jacket heater (optional)

#### Alternator:

- Class H insulation
- IP23 Protection
- Automatic Voltage Regulator (AVR)
- PMG excitation
- Single bearing alternator
- Stamford alternator

### Electrical system:

- DSE 7320 control module
- Maintenance-free and anti-explosion battery
- Standard breaker
- ABB breaker (optional)
- ATS (optional)

- Battery charger (optional)
- GMS monitoring (optioanl)

#### Packing:

- Engine manual
- Alternator manual
- Gensets operation and maintenance manual
- Tool kit

#### Baseframe:

- Forklift pockets
- Pulling slots
- Earth wire protection
- Built-in anti vibration mountings
- Fuel outlet value
- Standard 8 hours fuel tank
- Enlarged 24 hours fuel tank (optional)
- Separated fuel tank (optional)

#### Canopy:

- Weatherproof & sound-attenated canopy
- Sound-absorbing material
- Lifting lug
- Emergency stop button
- Inside silencer
- Trailer generator (optional)
